I DO An American Comedy  
Book Cover Synopsis / Blurb

*I Do* is a fast-paced comedy of opposites. Anna Turner, the “Ice Princess,” is New York City’s premier purveyor of celebrity weddings. Her motto? A plan for everything and everything in the plan. Her pitch? A perfect wedding leads to a perfect marriage. Her problem? She fears that she would be a failure as a wife, so she avoids all thought of getting married herself.

Tom Fraser is an affable divorce lawyer. In his heart, he would prefer to see all marriages succeed, but too often, he’s the janitor who’s called in to clean up the mess. He can’t wait to get married. His problem? He just can’t seem to find the right woman.

When Anna meets Tom, the dance begins. Is Tom the one who can melt away her fears? Is Anna the one he’s been seeking? Yes! She wants to marry him and he wants to marry her. No! Tom believes that Anna’s perfect weddings lead to failed marriages and to be true to himself, he cannot have any part of that. Anna feels betrayed. It’s a personal attack on her success and self-worth. The rift drives them apart.

Can they patch things up? Can they ever say “I Do?”

Ultimately this is a story about love and marriage, not just the wedding, but, most especially, the anniversaries and the celebration of true and lasting love.
